

The Family Life Office Presents:

Eucharist--A Model for Marriage

This workshop invites married Catholic couples to explore the mystery of their life in Christ. Christian marriage teaches that spouses enter into this union in order to realize and live fully their baptismal call, the life they share in Christ by virtue of their baptism. Central to this life in Christ for Catholics is the great mystery of the Eucharist, in which we are fed by Christ himself. But the Eucharist is more than nourishment; it is a true pattern for our lives. In this workshop we examine the Eucharistic liturgy as a model for married life. Each part of the liturgy informs our sacramental life together, from gathering to penitence, from breaking open the Word to partaking of the very Body and Blood of Christ. Each moment provides cause for reflection, both individually and as a couple, and holds promise for our growth as husband and wife, members of the Body of Christ.
